

PROPOSAL & QUOTATION

A website for Mubil Foundation

Prepared for	Mubil Foundation
Project	NGO / Foundation website — design, build and launch
Prepared by	Iyiola Ogunjobi, Founder, Sulva Tech
Reference	SLV-Q-2026-MBF-01
Date	7 October 2026
Valid until	6 November 2026 (30 days)

OVERVIEW

Introduction

Thank you for considering Sulva Tech for Mubil Foundation's official website.

We will design and build a secure, fast and mobile-friendly website that tells the Foundation's story clearly — its mission, programmes, projects, impact and the people behind it — and makes it easy for visitors to get in touch, volunteer and give.

Below are two options: a Static Website for a strong, professional presence today, and a Dynamic Website that the Foundation's own staff can update every week without calling a developer.

ABOUT US

Why Sulva Tech

Sulva Tech is a Lagos web studio. We design and build websites, online stores and the systems behind them. Three things set how we work:

- **Straight talk.** We tell you what it costs, how long it takes, and what we would do differently. No hidden extras.
- **The builder is on the call.** The person you speak with is the person building your website. Nothing gets lost in hand-offs.
- **Built to hand over.** Every client gets their own dashboard, so your team runs the site — not us.

Work you can visit today — more at sulvatech.com/work

- **The Inner Circle (theinnercirclecommunity.org)** — a faith-centred community for intentional leaders. Community and department pages, leadership profiles, a join flow and a dashboard with media uploads.
- **Mindfire Homes (mindfirehomes.com)** — verified property in Abuja. Listings, blog, enquiry capture, newsletter and a full management dashboard.
- **Meal Direct (mealdirectly.com)** — scheduled campus meal delivery: five connected apps and one control centre.

PACKAGE

Option 1 — Static Website

A professional, fast and cost-effective website for presenting the Foundation, its programmes, projects and contact details.

Features & deliverables

- Custom website design in the Foundation's colours and brand
- Fully responsive on mobile, tablet and desktop
- Up to 5 main pages: Home, About Us, Programmes & Projects, Gallery, Contact Us
- Contact form with email notifications
- Social media links and Google Maps location
- Basic on-page SEO, plus Google Analytics and Search Console set-up
- Professional email address set-up (e.g. info@mubilfoundation.org)
- SSL security certificate and fast-loading, secure build
- 1 round of design revisions
- 2 weeks of free support after launch

Static Website — total

One-off development fee. Hosting & domain listed separately below.

₦600,000

RECOMMENDED PACKAGE

Option 2 — Dynamic Website

A complete, database-driven website the Foundation can manage itself — ideal for an organisation that will regularly publish programmes, projects, news, events, stories, images and appeals for donations.

Everything in the Static Website, plus:

- Content management dashboard (CMS) with secure staff logins
- Admin and Editor roles — control who can publish what
- Add, edit and delete any page content, images and media
- News / blog / updates and announcements
- Programmes & projects management
- Events management
- Donation page with online payments (Paystack or Flutterwave)
- Volunteer and membership registration — submissions land in the dashboard
- Newsletter sign-ups with an exportable subscriber list
- Manageable image and media gallery
- Multiple professional email accounts for staff
- Database with scheduled backups and enhanced security configuration
- 2 rounds of design revisions
- 1 month of free support after launch

- Staff training: a live session plus a recorded walkthrough your team can rewatch

Dynamic Website — total

One-off development fee. Hosting & domain listed separately below.

₦1,200,000

SUMMARY

Side-by-side

Staff training (live + recorded)	—	✓
Design revision rounds	1	2
Free support after launch	2 weeks	1 month
Total investment	₦600,000	₦1,200,000

RUNNING COSTS

Hosting, domain & professional email

The Foundation can choose a 1-year or 2-year hosting plan. We will handle:

- Domain registration or transfer — registered in the Foundation's name, so you always own it
- Hosting set-up and SSL certificate

- Professional email set-up for designated staff (e.g. info@, admin@, contact@mubilfoundation.org)

Hosting, domain and third-party email fees are separate from the development fee and depend on the provider, the domain extension and the plan length. We will quote these at cost once the Foundation confirms its preferred plan.

DELIVERY

Timeline

- **Static Website:** about 1–2 weeks
- **Dynamic Website:** about 2–3 weeks

Timelines start once the deposit is received and the Foundation has supplied its content — logo, text, photographs and programme information. We share progress links throughout, so you see the site take shape.

PAYMENT

Payment terms

Milestone	Share	Static	Dynamic
Deposit — to start work	60%	₦360,000	₦720,000
Balance — on approval, before go-live	40%	₦240,000	₦480,000

Payment by bank transfer. Bank details are provided on the invoice.

THE FINE PRINT

Terms & notes

- This quotation is valid for 30 days from 7 October 2026.
- Hosting, domain, payment-gateway transaction fees and other third-party services are separate and follow each provider's own pricing and renewal terms.
- Mubil Foundation will provide the website content: logo, text, photographs, programme information and contact details.
- Pages, features or functions outside this scope will be quoted before any work is done — no surprise charges.
- The website will be tested on major modern browsers and common mobile devices before launch.
- On full payment, the Foundation owns its website content, domain and design.

NEXT STEP

Acceptance

To proceed, tick the chosen package, sign below and return a copy to hello@sulvatech.com. We will send the deposit invoice and book a kick-off call.
